

# Mitsubishi OSA405S5AS

## 17-Bit Absolute Rotary Encoder

The Mitsubishi OSA405S5AS is a high-precision 17-bit absolute rotary encoder designed for CNC and servo motor systems requiring reliable and stable position feedback.

Model	OSA405S5AS
Manufacturer	Mitsubishi Electric
Encoder Type	Absolute Rotary Encoder
Resolution	17-bit (131,072 PPR equivalent)
Application	CNC & Servo Systems
Mounting	Motor-mounted configuration
Position Output	Absolute Position Feedback
Industrial Use	Automation & Motion Control
